MUNICIPAL INFORMATION.

ABSTRACT OF CITY CHARTER AS AMENDED.

Title.—The Mayor and Common Council of the city of Brooklyn.

Wards.—The city comprises nine wards, of which the former five districts of the village constitute the first five, and four new wards are erected.

CITY ELECTION AND OFFICERS.

The Annual Election for city officers, takes place on the second Tuesday in April.

The polls are held in each of the wards, at places designated by the Common Council.

Officers Elected.—At the Annual election, two aldermen, one constable, and two assessors are elected in each ward. Beside these, there is a general ticket for the first seven wards, of five supervisors, three collectors, and three overseers of the poor. One of the candidates for the last mentioned office, must be taken from the eighth or ninth ward.

The eighth and ninth wards elect, besides their aldermen, constable and assessors—one supervisor and one collector, and, jointly with all the other wards, three overseers of the poor.

These officers enter upon their duties the first Monday of May, and hold their offices for one year; but the assessors are required to meet as a board on the Tuesday after they have taken the constitutional oath of office.

The Common Council, on the first Monday of May, shall meet to appoint a Mayor, and various other officers, such as weighers, measurers, gaugers, &c.

The Common Council also may appoint a clerk, treasurer, attorney, and counsellor, a street commissioner, a clerk for each market, two city collectors, and a number of marshals, not exceeding seven.

MISCELLANEOUS PROVISIONS.

The Common Council shall publish, every year, a statement of the financial concerns of the city, at least ten days before the annual election.

The Mayor shall possess, and may exercise, in the courts of Oyer and Terminer and General Sessions of the Peace in the County of Kings, the same powers as are by law exercised by either of the judges of the county courts.

The first seven wards shall constitute a fire and watch district.

The Supervisors of the city and Common Council, shall meet together annually on the third Monday of May. The board thus formed shall then determine what sum, in addition to that which may be directed by the general board of supervisors of the county of Kings, to be raised to defray county charges, is necessary to be raised by tax for the various public purposes of said city—the sum so fixed not to exceed thirty thousand dollars, unless the excess be authorized by a special act of the legislature; except that they may add to the amount they may determine to raise, such further sum as may be necessary for the fire department, engines, engine-houses, implements, &c.

The expense of the fire and watch districts, shall be borne by the first seven wards.

The aldermen of each ward, are fence viewers for their respective wards.

The members of the Common Council shall be fire wardens, and the Common Council may appoint other fire wardens.

The Common Council of the city, or such of their number, in conjunction with the Mayor, as they may designate for that purpose, shall be commissioners of excise for the city, and as such, may grant licenses, to tavern keepers and grocers, to sell liquors and wines in the cases and manner prescribed in the Revised Statutes of this State.

The Common Council may pass ordinances to regulate ordinaries, victualing, and oyster-houses, or cellars and places where porter, ale, or strong beer, currant wine, and cider, cherry wine, and metheglin, or any of them may be drank, and to require the same to be licensed.

The Common Council is constituted a Board of Health, and the Mayor of the city shall be President of the same. The Board of Health is empowered to appoint, annually, a Health Physician.

No vessel, subject to the examination of the health officer of the Port of New-York, shall approach Brooklyn beyond Quarantine, without a permit from said Health Officer—and the master of every such vessel is to report his arrival to the President of the Board of Health.

Any person practising physic in the city, who shall have any patient laboring under a malignant fever, or cholera, or any pestilential or infectious disease, shall forthwith make report of the same, signed by the said physician, to some one of the Board of Health.

All persons sick of any pestilential disease, may be removed to the City Hospital, or any other convenient place.

Vessels, lying at or near the wharves of the city, containing a quantity of gunpowder, considered dangerous in the opinion of the Mayor and any two aldermen, may be directed to remove to a distance not exceeding three hundred yards from the wharf or shore; and in case the master or, person having charge of such vessel shall refuse to obey, he shall incur a fine of $500.

The Common Council may prescribe and fix certain limits in the city, within which it shall not be lawful to carry on any noxious or offensive trades, manufactories, or establishments.

The Justices of the Municipal Court shall have all the powers, in criminal proceedings, of Justices elected in the several towns in this State.

The Common Council shall have power to call meetings of the freeholders, by giving eight days' previous notice, at which meeting it shall be lawful for the taxable inhabitants to direct a sum of money to be raised, for purchasing a lot or lots of land, and for erecting thereon any public buildings which may be required for the city.

The Mayor and Common Council are empowered to raise, by loan, not exceeding the sum of five hundred thousand dollars, on the credit of the city, for the purpose of erecting public buildings, and for otherwise improving and benefiting the said city—redeemable in twenty years, the rate of interest not to exceed six per cent., and the faith and property of the city shall be pledged for the redemption of the loans so procured.

The grounds, which contain 200 acres, are situated in the 8th ward of the city of Brooklyn, on the heights of Gowanus. Already several miles of avenue have been completed, in a general circuit round the grounds, and visiters begin to be attracted from the city in considerable numbers daily.

A great portion of the ground is covered with a fine old forest of native growth, which will of course be preserved and cultivated with care; and in due time those parts which have been cleared off for purposes of agriculture, will also be covered with appropriate plantations of shrubbery and trees, till the whole shall have acquired a character of Sylvan *still life* in harmony with the quietness and repose of the grave.

The burial lots cover an era of 300 square feet with a margin of one foot additional around it for the erection of an enclosure—they are valued at $100. Lots of greater dimensions charged at the same rate per foot.

Subscribers to 4 lots laid out together will include the margin or an equivalent area, and the price to each subscriber is $320, or at the rate of $80 per lot.

When the lots are paid for the Trustees will deliver a good and sufficient title deed.

The lots are to be held generally under the same conditions and limitations as Mount Auburn Cemetry at Boston, and the Trustees are empowered to make such rules, regulations and by-laws for the government of the Cemetry, from time to time, as may be necessary.

A particular exposition of the plan and organization of the Company is contained in a pamphlet to be had *gratis* at the office of the Company.

DR. TAYLOR'S

BALSAM OF LIVERWORT.

FOR Consumption, Loss of Flesh, Coughs, Palpitation of the Heart, Asthma, Raising Blood, Liver Complaint, Dyspepsia, Night Sweats, Diarrhœa, Dropsey &c. &c.—In consequence of the bad materials made use of in the preparation of this medicine by the person who has heretofore conducted the business at 375 Bowery and other sufficient reasons, the original proprietor and inventor has it now prepared under his own inspection ; and for the security of the public has taken out a Copy Right of the Label and Wrapper, two certificates of which must accompany each bottle in the words following : " Entered according to the act of Congress in the year 1840, by George Taylor, in the Clerk's Office of the District Court of the United States for the Southern District of the State of New York." All preparations of the Balsam of Liverwort under my name not accompanied by certificates of copy-right are unauthorized and spurious, and a suitable reward will be paid for such proof as will lead to the conviction of any person who signs my name to any paper relating to my Balsam of Liverwort. And notice is hereby given, that F. A. Thayer, of 375 Bowery in the city of New York, who has heretofore corresponded and transacted business in the name of George Taylor, M. D. is no longer authorized, but is especially forbidden to make use of my name in any manner, in connection with my Balsam of Liverwort.

The action of this medicine is to aid nature in all her salutary efforts, and where the digestive organs are not filled with bile, acidity, or other impurities, so that neither food or medicine can be assimilated or taken into the system, the Balsam is so congenial to the laws of life and health, that the sick are cured and the well made better by its use.

PURE MILK.

TO THE UNBIASSED CITIZENS OF BROOKLYN.

I have been engaged in the MILK BUSINESS for years, and having become fully convinced of the error of using Still Slops for feed, I long since discontinued it. I am now raising and delivering to my customers, and mean to continue to do so, the

PURE FEED AND PASTURE MILK,

At Six Pence per Quart,

From my dairy TWICE A DAY, as long as the weather shall make it necessary. It is not to be supposed that I am ignorant of many improprieties having taken place with many that raise and furnish Milk for the use of the inhabitants of this city. But let each have his due. It is for the buyer to know whom he is dealing with, and from whence comes the milk. When that shall be the case, I feel not the least alarmed as to my having my share of the business that is to be done in this city, (the sweeping of that new broom at Jamaica not excepted.) Now I publicly invite every customer I have, or am about to have, either jointly or separately, as they shall see fit, to visit my place of business just AT THE RISE OF PROSPECT HILL, BROOKLYN, L. I., and when that day arrives that my customers find that I deceive them, or that I do not merit their patronage, I shall neither ask nor expect it.

THOS. D. WILLIAMS.

We, the undersigned, have for a long time, and still continue to take milk from Thos. D. Williams and believe it to be PURE PASTURE MILK, and no other. And further, we have not the least doubt that whoever shall commence taking milk from the above dairy, would fully coincide with us in the above recommendation.

MALE AND FEMALE INSTITUTE,

Corner of Nassau and Adams streets.

JOSHUA HEALY

Wishes to inform his friends and the public, that he is about to remove his school from 138 Fulton street to the corner of Nassau and Adams street, which he will open on the 17th of August, 1840.

The location of the Institute is pleasant, the rooms large and convenient, and can be well ventilated. As it has been built expressly for the purpose of a male and female school, there is a separate entrance to each apartment, and seperate yards. It is the intention of the principal to receive a limited number of pupils in each apartment, and thus be enabled to have them constantly under his own supervision; his long experience and past success as a teacher, renders him confident that he will be able to give a thorough course of instruction in all the branches necessary for a counting house. Particular attention will be given to Reading, Writing, Arithmatic, Geography, Grammar, Composition, History, Philosophy, Chemistry, Rhetoric, and Mathematics.

Terms of Tuition.

From $5 to $10 per term of twelve weeks.

Fuel and stationery, extra.

No deduction of time except sickness. Mr. H. has engaged an experienced female teacher to aid him in the female classes.

N. B. Mr. H. proposes to have one room devoted exclusively for a juvenile class of boys and girls, age from 3 to 6 years; of which Mrs. Elizabeth Healy will take the supervision.

LIFE INSURED FOR TWO DOLLARS!

NEW YORK, June 26, 1840.

To Messrs. J. Pease & Son, 45 Division street—

Dear Sirs,—My wife was lying at Death's door, and it was supposed that she had the consumption; she resorted to many remedies, without experiencing any relief. At the earnest solicitation of a friend, she at last made trial of your Clarified Essence of Horehound; and, although her complaint had baffled the skill of an eminent physician, two dollars' worth of this invaluable compound performed a permanent and radical cure in two weeks.

J. T. MORE, 340 Greenwich street.

I HAVE BEEN

Afflicted with a severe cough for some months which caused an irritation of the lungs, and I was advised by my physician to go South and recruit my health. I was about making preparation for that purpose, when I perused a certificate published by Rev. Mr. Johnson; and I made it my business to call on him, and he said that he believed that five dollars' worth of J. Pease & Son's Clarified Essence of Horehound Candy would be much more beneficial than a voyage to the South, which would, in all probability, cost me some hundreds. According to his request I made trial of it; and after I had used three dollars' worth of the above specific, I was perfectly restored to my former health. It can be obtained at 45 Division st.

J. FURGETSON, Pastor M. E. Church, Philadelphia.

"HE THAT HATH AN EAR TO HEAR LET HIM HEAR."

To Messrs. J. Pease & Son, 45 Division st. N. Y.

I have experimentally proved your Clarified Essence of Horehound Candy to be most excellent to clear the voice and heal the lungs, and would recommend it to be universally used by public speakers.

Rev. L. W. GIBBS, 109 Eighth Avenue.

New York, Feb. 24, 1840.

Dear Sir,—The duty of my profession has exposed me to colds, asthma, and other pulmonic complaints incident to this uncertain climate. I have been deprived of the power of preaching by hoarseness, and should still be so had I not used your medicated candy. I tried it for a few times, and now find my lungs are healed, my appetite improved, my voice clear, and my constitution evidently improved. I therefore have no hesitation in adding my recommendation to the many who have experienced the efficiency of your Clarified Essence of Horehound.

REV. WM. C. HAWLEY, 95 Crosby.

Agents in Brooklyn,—Handley, 15 High st.; and Hayes, 129 Fulton.
